Gentlemen:
Please furnish this office the following articles to the terms and conditions contained herein:

Place of Delivery: MSD Bldg.	Delivery Term: Five (5) months
Date of Delivery:	Payment Term:

Stock No.	Unit	Description	Quantity	Unit Cost	Amount
1	unit	20mm TWIN SCREW EXTRUDER Labtech LTE20-40 <u>Standard Features:</u> *20 mm co-rotating segmented screws where each segment can be placed any where on the hexagonal screw core shaft for optimum flexibility of screw configurations. The kneading elements are supplied as single sectors which can be placed against each other in various angles enabling numerous kneading and shearing functions. *Modular clam shell barrel available with up to 40 L/D length and where each module has a length of 4 D. Barrel with balanced hinged top part for easy access to the screws. *Barrel is also available as a fully closed version but still with modules (barrel sections) with a 4 L/D length. *Each half of the clam shell barrel modules is equipped with exchangeable barrel lining inserts made from a special high grade tool steel which have been through hardened to over 60 Rockwell C. This special steel also allows for high temperature extrusions of up to 400°C. *The screw and kneading elements are also made from high grade tool steel with through hardening and with a surface hardness of slightly below the hardness of the barrel inserts. Also the hexagonal screw shafts are made of treated tool steel for optimum stiffness and high torque applications.	1	2,918,618.00	2,918,618.00
