

COME celebrate with us the 2019 NSTW!

17-21 July 2019, Wednesday-Sunday

World Trade Center, Pasay City

Theme: "Science for the People: Enabling Technologies for Sustainable Development"

A healthy drink... and it is not milk!

Would you like a taste of a nutritious health drink but is not milk? The Industrial Technology Development Institute (DOST-ITDI) has developed just that: the Mungbean-Coconut Cream Drink!

Made from blended mungbean infused with coconut cream and flavored with vanilla, it is a good non-dairy alternative to dairy drinks that is ready-to-drink and shelf-stable. All-natural and healthy, it is an excellent source of amino acids and fiber.

Mungbean-Coconut Cream Drink is one of 21 ITDI-developed technologies selected to be featured in Cluster 2 - Aging Society, Health, and Medical Care of the 2019 National S&T Week (NSTW) Exhibits slated on July 17-21, 2019 at the World Trade Center-Metro Manila. Admission to the exhibits is FREE. It is open to the public from 8:00 AM to 5:00 PM.

NSTW is celebrated every third week of July through Proclamation No. 169 of 1993 to highlight significant contributions of S&T to national development. (RRUdela Cruz \\
