

DOST-ITDI concludes online talk show with “Pagtatasa ng TNS”

Earlier today, September 6, 2021, ITDI held a virtual concluding event titled “Pagtatasa ng TNS (TekNegoShow)” participated by select industry partners, stakeholders, DOST and other government agencies, and friends who are also advocates of science and technology.

ITDI Director, Dr. Annabelle V. Briones, formally opened the event with her welcome message expressing her appreciation and thanks to all the supporters of the institutes’ efforts in the areas of research and development and technical services. As well, she encouraged everyone to continue trusting and promoting ITDI’s present and future endeavors.

Following Dr. Briones’ message was a project briefer from Ms. Nelia Elisa C. Florendo, Chief of the Technological Services Division of ITDI.

Breakout sessions and a Plenary ensued wherein the pagtatasa or assessment was carried out. During these sessions, the nineteen technologies, laboratories, and services that were shown during Season 1 and the Special Edition were assessed according to participants’ or viewers’ perspectives, opinions, and insights.

Closing the activity was Dr. Zorayda V. Ang, Deputy Director for Administrative and Technical Services of ITDI, who was impressed by the results of the assessment and gave a positive outlook of ITDI’s future dealings and stated her final note for the day.

The event was organized and facilitated by the Technological Services Division ITDI in partial completion of its StratComm project. (DDGotis\ ITDI S&T Media Service)
