On 22nd August 2022, the Industrial Technology Development Institute and Philippine Nuclear Research Institute (DOST ITDI-PNRI) through the Advanced Device and Materials Testing Laboratory (ADMATEL) inked a Memorandum of Understanding (MOU) to strengthen research and development collaboration related to the parties' individual mandates, individual research projects, and to reinforce the exchange of scientific and technical information regarding the agreed research projects.

The signatories were key officials composed of Dr. Annabelle V. Briones, Director of ITDI and Dr. Carlo A. Arcilla, Director of PNRI,

Witnessing the signing ceremony were Dr. Vallerie Ann I. Samson, Deputy Director of PNRI, and Dr. Araceli Monsada, Laboratory Manager of ADMATEL.

Also present were staff members from the Nuclear Materials Research Section (NMRS), consisting of Dr. Angel T. Bautista VII, Dr. Americus Perez, and Alexandria Tanciongco. (//DDGotis, TSD-ICOW)
