2 SCHOOLS HAVE SIMULTANEOUS STUDY TOURS AT DOST-ITDI

DOST-ITDI had its morning blessed with two schools visiting simultaneously on April 25, 2023: Bataan Peninsula State University (BPSU) and First Asia Institute of Technology and Humanities (FAITH).

Both parties shared common motives for their educational trips, which were to promote out-of-the-box learning and to familiarize the students with the industry setting of their chosen fields.

Visiting the Advanced Device and Materials Testing Laboratory (ADMATEL) were 40 4th year BS Electronics and Communications Engineering students from BPSU along with their two professors.

Meanwhile, 52 BS Industrial Engineering students from FAITH visited ITDI's Standards and Testing Division (STD) as well as Materials Science Division's Materials Development Laboratory (MATDEV) and Nanotechnology Laboratory (NanoLab).

Thank you for visiting us!
