

Philippines' DOST-ITDI and South Korea's KTR ink agreement for a joint venture focusing on eco-friendly technology and food safety

On November 20, 2024, the Philippines' Department of Science and Technology-Industrial Technology Development Institute (DOST-ITDI) and South Korea's Korea Testing and

Research Institute (KTR) inked a Memorandum of Understanding (MOU) that is aimed at nurturing innovation and addressing climate change.

The partnerships' efforts will focus on biodegradability, green packaging, eco-friendly technology, and food safety.

Key signatories to the MOU were Dr. Annabelle V. Briones, Director of DOST-ITDI, and Mr. Kim Hyun Cheol, President of KTR.

Witnesses were Engr. Reynaldo L. Esguerra, Chief of ITDI-EBD and Officer-In-Charge Deputy Director for Research and Development; Mr. Jeong Chang Seok, Division Director of Global Headquarters; Mr. Kim Tae Gun, Director of the Secretary Department; and Mr. Park Jin Jae (JJ), Branch Officer of KTR ASEAN along with some guests ITDI personnel.
