

06 February 2024

**DR. ANNABELLE V. BRIONES**

Director  
 Industrial Technology Development Institute (ITDI)  
 Metrology Bldg., DOST Compound, General Santos  
 Ave, Bicutan, Taguig City

Dear *Director Briones*:

We would like to inform you that the Philippine Council for Industry, Energy and Emerging Technology Research and Development (PCIEERD) of the Department of Science and Technology (DOST) is pleased to announce its **2024 1<sup>st</sup> Call for Proposals (CFP) for its INSTITUTION DEVELOPMENT PROGRAM (IDP), REGIONAL RESEARCH INSTITUTION (RRI), GOOD GOVERNANCE THROUGH DATA SCIENCE AND DECISION SUPPORT SYSTEM (GODDESS) and BALIK SALIKSIK PROGRAM** under the Capability Development Program.

The said call is open from **01 February to 23 February 2024**. This funding opportunity encourages the a) development of Filipino research and development (R&D) capabilities in the academic and research institutions through degree programs, conduct of research activities and expert mobility in the industry, energy and emerging technology sectors in order to meet present and future human resource requirements; b) development of research capabilities of the academic and research institutions through the development and/or upgrading of its research laboratories and facilities; and (c) develop graduate students, researchers, faculty, personnel and practitioners in the data science and analytics field for the development of systems and technologies to aid in decision as well.

In this regard, we would like to request the posting of the said Call in your website and/or assistance in its dissemination by informing your partner institutions. Attached is the call document which includes the details of the requirements and criteria for evaluation.

For more details about the call, you may contact our project managers through the following email addresses: Ms. Eidel Quinn T. Eda [eteda@pcieerd.dost.gov.ph](mailto:eteda@pcieerd.dost.gov.ph) for IDP, Mr. Ruel Pili [rapili@pcieerd.dost.gov.ph](mailto:rapili@pcieerd.dost.gov.ph) for RRI, Engr. Lynnel Olpot [lynnel.olpot@pcieerd.dost.gov.ph](mailto:lynnel.olpot@pcieerd.dost.gov.ph) for GODDESS and Ms. Marie Christie B. Santos [mbsantos@pcieerd.dost.gov.ph](mailto:mbsantos@pcieerd.dost.gov.ph) for Balik Saliksik under Human Resources and Institution Development Division (HRIDD) headed by Dr. Ruby Raterta [ruby.raterta@pcieerd.dost.gov.ph](mailto:ruby.raterta@pcieerd.dost.gov.ph), Chief SRS.

Thank you for your usual support.

Very truly yours,

**DR. ENRICO C. PARINGIT**  
 Executive Director

Philippine Council for Industry, Energy and Emerging

## ANNOUNCEMENT OF CALL FOR PROPOSALS

*Dear Faculty, Students, Researchers, and Partners:*

The Philippine Council for Industry, Energy and Emerging Technology Research and Development (PCIEERD) of the Department of Science and Technology (DOST) is pleased to announce its **2024 Call for Proposals (CFP)** for its **INSTITUTION DEVELOPMENT PROGRAM (IDP), REGIONAL RESEARCH INSTITUTION (RRI), GOOD GOVERNANCE THROUGH DATA SCIENCE AND DECISION SUPPORT SYSTEM (GODDESS), BALIK SALIKSIK PROGRAM** under the Capability Development Program.

### **a. Institution Development Program (IDP)**

For 2024, PCIEERD has allotted a budget of **Twenty-Five Million Pesos (PhP25 M)** for grants to 5 IDP centers/ laboratories with a maximum grant of P5M per project.

This call for proposals is open for the **establishment and/or upgrading of research facilities/laboratories of academic and research institutions of PCIEERD Consortia member institutions** with the following research priority areas:

- **Quantum-based Technologies**
  - Quantum fluids and solids, quantum science and light, quantum devices and quantum cryptography
- **Disaster Risk Management**
  - Ground engineering, assessment of damages and losses
- **Maritime Transport**
  - Sensors technology and logistics
- **Blockchain Technology (non-cryptocurrencies)**
  - Establishment of a test net and main net for the development of capability of our researchers and practitioners in the country.
  - Development of R & D through blockchain designs, protocol design, optimization and scaling as well as policies towards institutionalization of the blockchain efforts
- **Cybersecurity**
  - Application security, data loss prevention, network security, security architecture, vulnerability management
- **Catalysis**
  - Non-environmental remediation applications, for energy production or high-value chemicals
- **Fuel Cell Technology**
  - Miniaturization, membrane technology, production efficiency, (H<sub>2</sub>/ other fuels), flow batteries
- **Infrastructure and urban systems**
  - Physical internet, Industry 4.0, urban/rural design
- **Microsystems**
  - Micro-engineering research aimed at developing novel miniaturized micro-structured devices
- **Creatives**

Postal Address: Philippine Council for Industry, Energy, and Emerging  
Technology Research and Development (DOST-PCIEERD)  
4th and 5th Levels Science Heritage Bldg., Science Community Complex,  
Gen. Santos Avenue, Bicutan, Taguig City 1631, Philippines

Website : <https://pcieerd.dost.gov.ph/>  
Email : [pcieerd@pcieerd.dost.gov.ph](mailto:pcieerd@pcieerd.dost.gov.ph)  
FOI Email : [foi@pcieerd.dost.gov.ph](mailto:foi@pcieerd.dost.gov.ph)

- Music and acoustic technology, gaming
- **Analytical Science**
  - Emerging chemical pollutants
- **Built Environment**
  - Focusing on heating, lighting, ventilation, indoor air quality, building acoustics, thermal comfort, resource efficiency and energy use, design for productivity, and health and well-being
- **Forensics**
  - Digital forensics, ballistics

**b. Regional Research Institution (RRI)**

For 2024, PCIEERD has allotted a budget of **Five Million Pesos (PhP5M)** for the provision of grants for five (5) Regional Research Institution (RRI) with a maximum grant of P 1M per project. This Call for Proposals is for specific priority areas identified by the **PCIEERD Regional Consortia** based on the 2024 Regional R&D Agenda in the areas of industry, energy, emerging technology, and other special concerns.

The RRI program aims to develop research capabilities and increase the available researchers, scientists, and engineers in the PCIEERD priority sectors through regional consortia program. The specific objectives are as follows:

- to provide R&D support to new researchers within the institution members of the PCIEERD Regional Consortia;
- to provide funding support for new researchers and institutions in the region and eventually become a member of the regional research institutions of PCIEERD.

This funding opportunity encourages **new researchers and new institutions** from Higher Education Institutes (HEIs), government Research and Development Institutes (RDIs), non-profit S&T networks and organizations, private sector, and other proponents seeking funding for their R&D initiatives in the following areas:

- **Wealth Creation**
  - Creative industries (footwear and furniture, games, film and animation)
  - Textile
  - Smart food value chain
  - Halal tourism
  - Industry 4.0
  - Metals and engineering
  - Mining and minerals
- **Wealth Protection**
  - Disaster risk reduction and resiliency
- **Well-Being**
  - Food safety
- **Sustainability**
  - Solid water and air quality
  - Green polymer
  - Energy storage
  - Waste-to-energy

- Artificial intelligence
- E-vehicle
- Advance materials
- ICT innovation and data science
- Nanotechnology
- Optics and photonics
- Space technology
- Quantum computing

**c. Good Governance through Data Science and Decision Support System (GODDESS)**

For 2024, PCIEERD has allotted a budget of **Five Million Pesos (PhP5M)** for the provision of grants for Five (5) GODDESS projects with a maximum grant of P1M, focused on the **development of technologies or systems using the data available** in the institution or cooperating partner, which maybe an Academic/Research Institution, National Government Agency (NGA), Local Government Unit (LGU) or Micro, Small and Medium Enterprises (MSME), **to address its specific needs; to enable them to adapt to data-driven governance and evidence-based management; and to provide solutions** in any of, but not limited to, the following areas:

- **Urban Mobility** - construction, and congestion site monitoring, accident reporting, road maintenance modelling
- **Energy Management** - energy analytics, smart meters and management, renewable sources of energy, energy efficiency and green buildings
- **Logistics Management** - chemical safety and security, monitoring traceability of in transit chemicals, classification and management of chemicals for explosives and weapons, chemical logistics; geospatial data analytics for food - food supply chain, food value chain
- **Regulatory and Permit Issuance** - permit processing and management for the Department of Interior and Local Government (DILG), Philippine National Police (PNP), Bureau of Fire Protection (BFP), Department of Foreign Affairs (DFA); legislation and judiciary analytics for Senate, Congress, Department of Justice (DoJ)
- **Financial and Auditing Management Analytics** - for Department of Budget Management (DBM), Bangko Sentral ng Pilipinas (BSP)
- **Resources, Revenue and Labor Analytics** - for Department of Labor and Management (DOLE), Bureau of Internal Revenue (BIR), Civil Service Commission (CSC), Social Security Services (SSS) / Government Services Insurance System (GSIS) / Commission on Higher Education (CHED) for talent pool mapping
- **Smart Systems** - hyperintelligence, enterprise analytics, demand-supply analytics, econometric forecasting
- **Other Thematic Areas** that may be identified by the institution or cooperating partner LGUs or NGAs or MSMEs based on their needs and priorities.

**d. Support for New PhD Researchers (Balik Saliksik Program)**

This covers grant to **new PhD graduates who have obtained their PhD locally or abroad within the last three (3) years** and whose specialization falls within the **PCIEERD sectoral priority areas or the Harmonized National Research and**

**Development Agenda in the Industry, Energy and Emerging Technology.**  
Available slots: 4. Maximum grant per research: PhP2M per project.

Below is the call schedule:

<b>Timetable Activities</b>	<b>Dates</b>
Announcement of Call for Proposal/ Applications	February 01, 2024
Opening of Call for Proposals/Applications	February 01, 2024
Closing Date for Submission of Proposal	February 23, 2024
Proposal Evaluation Period	February 24 to April 17, 2024
Notification of Successful Applicants	May 2024
Target start of project implementation	July 2024

For more information, please refer to the attached Call Guidelines. Interested institutions can access the complete package of the Call and the Proposals Application Forms at the DOST Project Management Information System (DPMIS) website: <https://dpmis.dost.gov.ph>.

Thank you.

Very truly yours,

## Funding Opportunity Title

### **CALL FOR PROPOSALS FOR THE PCIEERD CAPABILITY DEVELOPMENT PROGRAM - FOR 2024 FUNDING**

## Key information

Type of funding	Grant
Funding Agency	DOST-Philippine Council for Industry, Energy and Emerging Technology (DOST-PCIEERD)
Add link to start the application	DOST Project Management Information System (DPMIS): <a href="http://dpmis.dost.gov.ph">http://dpmis.dost.gov.ph</a>

## Timeline

Event	Date	Time
Opening date	February 01, 2024	8:00 A.M.
Closing date	February 23, 2024	5:00 P.M.
Evaluation Period	40 Working Days – IDP, RRI, GODDESS, BALIK SALIKSIK PROGRAM	
Start of projects	June 1, 2024 (IDP/RRI/GODDESS & BALIK SALIKSIK)	

## Overview

In the interest of fully complementing the human resources and institution needs and requirements of the industry, energy, and emerging technology research and development sectors, making the opportunity available to the great majority, PCIEERD implements the Capability Development Program (CapDev), as follows:

- a. The **Institution Development Program (IDP)** aims to cover the provision of support for establishment or upgrading of research laboratories and facilities of academic and research institutions in areas within the PCIEERD sectoral priority areas or the Harmonized National R&D Agenda (HNRDA) and where there is inadequacy of research expertise and/or facilities. The IDP shall include upgrading/setting up of research laboratories, purchase of laboratory equipment, including highly specialized software, and small research grants aimed at developing research capabilities. Renovation of buildings/facilities or space should be the counterpart of the institution. There are **five (5) centers to be established** with a total funding support amounting to P25M or a maximum grant of P5M per project.
- b. The **Regional Research Institution (RRI)** aims to develop the research capabilities of the PCIEERD Regional Consortium member institutions and eventually increase the available Researchers, Scientists, and Engineers (RSEs) in the region. This funding opportunity encourages **new researchers and/or new institutions** from Higher Education Institutes (HEIs), government Research and Development Institutes (RDIs), non-profit S&T networks and organizations, the private sector, and other proponents seeking funding for their R&D initiatives. There are **five (5) slots available** for this program amounting to P5M with a maximum grant of P1M per project.
- c. The **Good Governance through Data Science and Decision Support Systems (GODDESS)** aims to provide assistance for the development of appropriate systems and technologies to address the specific needs of the National Government Agencies (NGA), Local Government Units (LGU), academic or research institutions and Micro, Small and Medium Enterprises (MSMEs) and enable them to adapt data driven governance and evidence-based management. There are **five (5) slots available** on this program amounting to P5M with a maximum grant of P1M per project.
- d. **Balik Saliksik Program** - This covers grant to new PhD graduates who have obtained their PhD degree locally or abroad within the last three (3) years and whose specialization falls within the PCIEERD sectoral priority areas or the Harmonized National Research and Development Agenda. There are **four (4) slots available** on this program amounting to P8M with a maximum grant of P2M per project.

## Opportunity summary

The Full-Blown Proposal for RRI, GODDESS, and BALIK SALIKSIK should fall as a **Research and Development Project** while proposals for IDP should fall as a **Non-Research and Development Project**.

This funding opportunity encourages the a) development of research capabilities of the academic and research institutions through the development and/or upgrading of its research laboratories and facilities; (b) graduate students, researchers, faculty, personnel and practitioners in the data science and analytics field for the development of systems and technologies to aid in decision making process; c) new researchers and/or new institutions from PCIEERD regional consortia institution members for the development of research projects to address the needs and priorities of the region.

The Council shall provide funding support for the following:

- a. **Institution Development Program (IDP)** for establishment or upgrading of research facilities/laboratories
- b. **Regional Research Institution (RRI)** for new researchers and new institution members of the consortia
- c. **Good Governance through Data Science and Decision Support Systems (GODDESS)** for development of technologies and/or systems to assist the LGU, NGA, academic institutions and MSMEs and enable them to data-driven governance and evidence-based management.
- d. **Balik Saliksik for all new Filipino PhD graduates** and whose specialization falls within the PCIEERD sectoral priority areas or the Harmonized National Research and Development Agenda.

## Who can Apply

a. **IDP** – This is open to public and private academic and research institutions. Preference is given to PCIEERD Consortia member institutions from the following priority regions/provinces:

- I - Ilocos Norte, La Union
- II - Quirino
- III - Zambales, Tarlac
- IV-A - Batangas
- IV-B - Mindoro, Marinduque, Romblon
- V - Albay, Catanduanes, Masbate, Sorsogon
- VI - Aklan, Guimaras
- VII - Negros Oriental, Bohol
- VIII - Biliran, Samar (Catbalogan), Eastern Samar (Borongan)
- IX - Zamboanga Del Sur
- X - Bukidnon, Camiguin, Misamis Occidental, Lanao del Norte
- XI - Davao Del Norte, Davao del Sur, Davao Occidental
- XII - Kidapawan City, Cotabato City, Koronadal City
- CAR - Apayao, Abra, Kalinga, Mt. Province, Ifugao
- CARAGA - Agusan Del Sur, Surigao Del Norte, Surigao Del Sur
- BARMM - Basilan, Maguindanao, Sulu, Tawi-Tawi, Cotabato City

However, this should not preclude other Consortium members from applying. Applications should be endorsed by PCIEERD Consortia. For non-PCIEERD Consortia member, a letter of intent addressed to the PCIEERD Consortium Chair should be submitted as part of the application.

b. **RRI** – This is open to all researchers from PCIEERD Consortium member institutions and other potential researchers/institutions who may wish to be part of the regional consortia. Preference is given to new researchers and/or new institutions, from the PCIEERD Consortia member institutions in the following regions:

1. CAR - Cordillera Industry, Energy and Emerging Technology Research and Development Consortium (CIEERDEC)
2. Region 1 - Ilocos Consortium for Industry, Energy and Emerging Technology Research and Development (ICIEERD)
3. Region 2 - Cagayan Valley Industry, Energy and Emerging Technology Research and Development Consortium (CVIEERDEC)
4. Region 3 - Central Luzon Consortium for Industry and Energy Research and Development (CLIERDEC)
5. NCR - Metropolitan Manila Industry, Energy and Emerging Technology Research and Development Consortium (MMIEERDEC)

6. Region 4A - Southern Tagalog Consortium for Industry and Energy Research and Development (STCIERD)
7. Region 4B - Southern Tagalog Islands Research and Development Consortium (STIRDC)
8. Region 5 - Bicol Consortium for Industry, Energy and Emerging Technology Research and Development (BCIEERD)
9. Region 6 - Western Visayas Consortium for Industry, Energy and Emerging Technology Research and Development (WVCIEERD)
10. Region 7 - Central Visayas Consortium for Industry, Energy and Emerging Technology Research and Development (CVCIEERD)
11. Region 8 - Eastern Visayas Consortium for Industry, Energy and Emerging Technology Research and Development (EVCIEERD)
12. Region 9 - Zamboanga Industry, Energy and Emerging Technology Research and Development Consortium (ZIEERDC)
13. Region 10 - Northern Mindanao Consortium for Industry, Energy and Emerging Technology Research and Development (NorMinCIEERD)
14. Region 11 - Davao Region Industry, Energy and Emerging Technology Research and Development Consortium (DRIEERDC)
15. Region 12 - Cotabato Region Industry, Energy and Emerging Technology Research and Development Consortium (CRIEERDEC)
16. Region 13 - Eastern Mindanao Industry, Energy and Emerging Technology Research Alliance for Development (EMIEERALD)

c. **GODDESS** – This is open to students, researchers, faculty, personnel and practitioners in Data Science and Analytics (DSA) from academic and research institutions, as well as learners, students and graduates of the DOST-funded SPARTA project, who will conduct projects that will immediately address the needs of their respective academic and research institutions or an identified partner from a LGU, NGA or MSME that is committed to provide data and utilize the systems and technologies developed.

d. **Support for New PhD Researchers (BALIK SALIKSIK)**- This is open to all new Filipino PhD graduates and whose specialization falls within the PCIEERD sectoral priority areas or the Harmonized National Research and Development Agenda.

# What we're looking for

The proposals/applications should cover the following:

a. **IDP** – The establishment or upgrading of research facilities/laboratories of academic and research institutions that are already members and those who intend to become members of the PCIEERD Regional Consortia. Target institutions are those building capabilities and niche centers in the following areas:

- **Quantum-based Technologies**
  - Quantum fluids and solids, quantum science and light, quantum devices and quantum cryptography
- **Disaster Risk Management**
  - Ground engineering, assessment of damages and losses
- **Maritime Transport**
  - Sensors technology and logistics
- **Blockchain Technology (non-cryptocurrencies)**
  - Establishment of a test net and main net for the development of capability of our researchers and practitioners in the country.
  - Development of R & D through blockchain designs, protocol design, optimization and scaling as well as policies towards institutionalization of the blockchain efforts
- **Cybersecurity**
  - Application security, data loss prevention, network security, security architecture, vulnerability management
- **Catalysis**
  - Non-environmental remediation applications, for energy production or high-value chemicals
- **Fuel Cell Technology**
  - Miniaturization, membrane technology, production efficiency, (H<sub>2</sub>/ other fuels), flow batteries
- **Infrastructure and urban systems**
  - Physical internet, Industry 4.0, urban/rural design
- **Microsystems**
  - Micro-engineering research aimed at developing novel miniaturized micro-structured devices
- **Creatives**
  - Music and acoustic technology, gaming
- **Analytical Science**
  - Emerging chemical pollutants
- **Built Environment**
  - Focusing on heating, lighting, ventilation, indoor air quality, building acoustics, thermal comfort, resource efficiency and energy use, design for productivity, and health and well-being
- **Forensics**
  - Digital forensics, ballistics

b. **RRI** – The development of research projects to address the needs and priorities of the region and aligned with the PCIEERD R&D priority areas mentioned under this call. Regions with ongoing RRI projects should focus on other priority areas of the region included in this call.

- **Wealth Creation**
  - Creative industries (footwear and furniture, games, film and animation)
  - Textile
  - Smart food value chain
  - Halal tourism
  - Industry 4.0
  - Metals and engineering
  - Mining and minerals
- **Wealth Protection**
  - Disaster risk reduction and resiliency
- **Well-Being**
  - Food safety
- **Sustainability**
  - Solid, water and air quality
  - Green polymer
  - Energy storage
  - Waste-to-energy
  - Artificial intelligence
  - E-vehicle
  - Advance materials
  - ICT innovation and data science
  - Nanotechnology
  - Optics and photonics
  - Space technology
  - Quantum computing

c. **GODDESS** – The development of technologies or systems that include **descriptive, diagnostic, predictive and prescriptive analytics** using the **data available (current and existing)** coming from and provided by the institution or cooperating partner, which maybe NGA, LGU or MSME, to provide solutions in any of, but not limited to, the following areas:

- **Urban Mobility** - construction, and congestion site monitoring, accident reporting, road maintenance modelling
- **Energy Management** - energy analytics, smart meters and management, renewable sources of energy, energy efficiency and green buildings
- **Logistics Management** - chemical safety and security, monitoring traceability of in transit chemicals, classification and management of chemicals for explosives and weapons, chemical logistics; geospatial data analytics for food - food supply chain, food value chain
- **Regulatory and Permit Issuance** - permit processing and management for the Department of Interior and Local Government (DILG), Philippine National Police (PNP), Bureau of Fire Protection (BFP), Department of Foreign Affairs (DFA); legislation and judiciary analytics for Senate, Congress, Department of Justice (DoJ)
- **Financial and Auditing Management Analytics** - for Department of Budget Management (DBM), Bangko Sentral ng Pilipinas (BSP)
- **Resources, Revenue and Labor Analytics** - for Department of Labor and Management (DOLE), Bureau of Internal Revenue (BIR), Civil Service Commission (CSC), Social Security Services (SSS) / Government Services Insurance System (GSIS) / Commission on Higher Education (CHED) for talent pool mapping
- **Smart Systems** - hyperintelligence, enterprise analytics, demand-supply analytics, econometric forecasting

- **Other Thematic Areas** that may be identified by the institution or cooperating partner LGUs or NGAs or MSMEs based on their needs and priorities.
- d. **BALIK SALIKSIK** - This covers grant to new PhD graduates who have obtained their PhD degree locally or abroad within the last three (3) years and whose specialization falls within the PCIEERD sectoral priority areas or the Harmonized National Research and Development Agenda in the Industry, Energy and Emerging Technology.

## How to apply

- Applications/proposals using the prescribed format (DOST Forms 2 & 3) must be submitted in the e-proposal portal at <http://dpmis.dost.gov.ph> from **01 February – 23 February 2024**. Documentary requirements must also be uploaded in the said portal. A notification will be issued to eligible entities whose applications/proposals have been evaluated and preliminarily recommended for the award.
- A DOST-PCIEERD Project Manager will be assigned to each project proponent to provide guidance in the review/evaluation of the application/proposals. A notification will be issued to eligible entities whose applications/proposals have been evaluated and recommended for funding.

### Proposal and Submission Information

- **Proposal Format** – applicants shall follow the **DOST GIA Proposal – R&D Format** for RRI, GODDESS, and BALIK SALIKSIK programs and **Non-R&D Format** for IDP programs. This will be accomplished in the e-Proposal portal at <https://dpmis.dost.gov.ph>. Instructions for submission are also available on this site.
- **Project Title** – refers to the Title of the research project being applied for, as identified in Section A of this announcement.
- **Project Leader** – refers to proponent/project leader of the implementing agency
- **Agency** – the Department/College/institution/organization of the proponent/Project Leader.
- **Address/Telephone/Fax/Email** – contact information of the proponent/project leader
- **Cooperating Agency/ies** – refers to the following:
  - IDP: Partner HEIs or SUCs, R&D institution if applicable
  - RRI: Academic/Research Institutions, LGUs, NGAs or MSMEs, or Industry
  - GODDESS: Academic/Research Institutions, LGUs, NGAs or MSMEs
  - BALIK SALIKSIK: Academic/Research Institutions, LGUs, NGAs or MSMEs, or Industry

- Site/s of Implementation – location/s or venue where the activity will be conducted. Indicate municipality, district, province, and region.
- Project Duration – refers to the duration and date of the activity or project being proposed.
  - **IDP:** maximum of 2 years (24 months)
  - **RRI/GODDESS:** maximum of 1 year (12 months)
  - **BALIK SALIKSIK:** maximum of 1 year (12 months)
- Total Project Cost – refers to the total proposed budget being requested.

IDP (Maximum grant of PhP 5M)

- List down the equipment being proposed, may include highly specialized Software
- Other MOOE needed for the research, maximum of 20% of the total project cost.
- Personnel Services should be the counterpart of the implementing agency.
- Counterpart of at least 15% (for SUCs and other Government institutions) and 20% (HEIs and other private institutions)

RRI (Maximum grant of PhP1M)

- Salary and/or Honorarium for project staff
- Travel Expenses
- Communication Expenses
- Supplies and Materials Expenses
- Subscription Expenses
- Professional Services
- Other expense items under NGAS deemed necessary for the implementation of the project
- Equipment, as needed
- Counterpart of at least 15% (for SUCs and other Government institutions) and 20% (HEIs and other private institutions)

GODDESS (Maximum grant of PhP1M)

- Honoraria for the project team
- Communication expenses
- Subscription expenses
- Other expense items under NGAS deemed necessary for the implementation of the project
- Other Professional Services
- Equipment, as needed
- Counterpart of at least 15% (for SUCs and other Government institutions) and 20% (HEIs and other private institutions)

Balik Saliksik (Maximum of P 2,000,000.00)

- Salary/Honoraria for the project team

- Expenses related to the conduct of the proposed research such as but not limited to the following:
  - Travel expenses
  - Communication expenses
  - Supplies expenses
  - Equipment, as needed
  - Other expense items under NGAS deemed necessary for the implementation of the project
- Counterpart of at least 15% (for SUCs and other Government institutions) and 20% (HEIs and other private institutions)

**Documents to be Submitted:**

- Letter of Intent/Request and Endorsement

Together with the application/proposal, DOST-PCIEERD requires submission of a formal letter of intent/request from the applicant and an endorsement from the authorized head of organization. The authorized head of the organization will also be a principal signatory of their organization for the contract of award. The letter of Intent/Request and Endorsement Letter should be addressed to:

**DR. ENRICO C. PARINGIT**

Executive Director, PCIEERD-DOST  
5th Level, Science Heritage Building, DOST Compound,  
Gen. Santos Ave., Bicutan, Taguig City

- Endorsement from Head of Agency and/or University, preferably President, enrolled in
- Additional documents per component (Select Supplementary Files)

**IDP**

- Detailed research proposal with plan of activities and budgetary requirements (Line-Item-Budget)
- Endorsement Letter by the Consortium where the Institution belongs
- Letter of Commitment signed by the target partner NGA/LGU/MSMEs, if any
- Five-year R&D agenda/ strategic plan or equivalent document showing the laboratory's sustainability.
- List of ongoing/ completed projects in the last 5 years
- Line up of research proposed to be undertaken in the facility
- List of existing faculty/ laboratory personnel and their specialization.
- Curriculum Vitae (CV) of the project leader with contact details
- Others: equipment quotations and sample photo/s of the equipment to be purchased
- Others: photo/s of the location and lay-out or floor plan of the proposed laboratory

**RRI**

- Detailed proposal with plan of activities and budgetary requirements (Line-Item-Budget)
- Endorsement Letter from the head of implementing agency
- Endorsement Letter from the Chairperson of the Regional R&D Consortium

- where the implementing Institution is a member
- Letter of Commitment approved and signed by the target partner agency/ies
- Curriculum Vitae (CV) of the project leader and co-researchers, with contact details and picture
- List of ongoing/completed projects implemented in the last 5 years

#### **GODDESS**

- Detailed proposal with plan of activities and budgetary requirements (Line-Item-Budget)
- Endorsement Letter from the head of implementing agency
- Letter of Commitment approved and signed by the target adaptor (NGA/LGU/MSMEs or Academic/Research Institution)
- Curriculum Vitae (CV) with contact details and picture
- List of ongoing/completed projects implemented in the last 5 years

#### **BALIK SALIKSIK**

- Detailed proposal with work plan/plan of activities and budgetary requirements (Line-Item-Budget)
- Endorsement Letter from the head of implementing agency
- Endorsement Letter by the Consortium where the Institution belongs
- Letter of Commitment approved and signed by the target partner or cooperating agency/ies
- Curriculum Vitae (CV) with contact details and picture
- List of ongoing/completed projects implemented in the last 5 years

Applicants are required to submit proposals through the DOST **e-Proposals portal** at <https://dpmis.dost.gov.ph>, before the Closing Date on **23 February 2024**. Applicants will receive automatic replies through email confirming receipt of proposals. Please be informed that DOST-PCIEERD will not accept proposals directly submitted to PCIEERD in hard or soft copy.

## How we will assess your application

### **A. Review and Selection Process**

Only applications/proposals from Eligible Entities that meet all of the Eligibility/ Qualification Requirements as stipulated in the PCIEERD Administrative Order No. 2016-028 s. 2016 "PCIEERD Guidelines in the Implementation of the Infrastructure Development Program," PCIEERD Administrative Order No. 2021-005 "Revised Guidelines on the Implementation of the Good Governance through Data Science and Decision Support System (GODDESS) Program," PCIEERD Administrative Order No. 2022-003 "Revised PCIEERD Guidelines on the Balik Saliksik Grant" and DOST Administrative Order No. 011 "Revised Guidelines for the Grants-in-aid Program of Department of Science and Technology and its Agencies." Applicants found ineligible for funding consideration as a result of the threshold eligibility review will be notified within 15 calendar days of the ineligibility determination.
