## ITDI GAD PERFORMANCE REVIEW 2023

Spearheaded by the Senior Science Research Specialist from the Standards and Testing Division (STD) and ITDI GAD Focal Point System (GFPS) Technical Working Group (TWG) Chairperson, Dr. Zorayda V. Ang, ITDI GFPS TWG members from various Institute divisions gathered at the Almanzor Hall, National Metrology Division (NMD) on 23 January 2024, for the conduct of the ITDI Gender and Development (GAD) Performance Review for 2023. The objective of the performance review is to evaluate the accomplishments of the Institute's gender mainstreaming based on the identified GAD activities, performance indicators, and targets of the ITDI GAD Plan and Budget for 2023.

Mr. Dablio served as the moderator of the activity and oriented the new members of the GFPS on their roles and functions as GAD advocates of ITDI. He then discussed the GAD activities, performance indicators, targets, and their corresponding Means of Verification (MOVs) from the ITDI GAD Plan and Budget (GPB) for 2023. GFPS members were able to come up with other possible means of verification that could suffice the performance indicators and targets for each GAD activity. ITDI GFPS sought the assistance of Dr. Zorayda V. Ang, the former ITDI GAD TWG Chairperson, who shared some ITDI accomplishments pertaining to each GAD activity that contributed to the success of the activity.

Another highlight of the activity was the presentation of the ITDI GAD Calendar of Activities for 2024, which consists of various GAD capability activities such as trainings and webinars aimed at strengthening the GFPS of the Institute.

Capping off the activity were the fun and collaborative efforts of all the GFPS members, which made the event more interactive.
